

## **QA Format**

### **Q: What are the equivalent products of Maxbond?**

Answer: ESAB equivalent of Maxbond E6012 is ESAB SW 6013. Lincoln equivalent of Maxbond E6012 is Supra. Bohler equivalent of Maxbond E6012 is Bohler AWS E6011. D&H Sécheron equivalent of Maxbond E6012 is Duramax 6011.

### **Q: What are the equivalent products of Superbond?**

Answer: ESAB equivalent of Superbond E6013 is OK 46.00/VORTIC/SAB FERROSPEED. Lincoln equivalent of Superbond E6013 is Omnia. Bohler equivalent of Superbond E6013 is Bohler AWS E6013. D&H Sécheron equivalent of Superbond E6013 is Superbond 6013.

### **Q: What are the equivalent products of Superbond S?**

Answer: ESAB equivalent of Superbond S E6013 is 28/VORDIAN/. Lincoln equivalent of Superbond S E6013 is Omnia® 46. Bohler equivalent of Superbond S E6013 is FOX SPE. D&H Sécheron equivalent of Superbond S E6013 is MEDIO.

### **Q: What are the equivalent products of Superbond SS?**

Answer: Ador equivalent product Superbond SS not found for ESAB. Lincoln equivalent of Superbond SS E6013 is Pantafix. Ador equivalent product Superbond SS not found for Bohler. D&H Sécheron equivalent of Superbond SS E6013 is EXOBEL.

### **Q: What are the equivalent products of Kingbond?**

Answer: ESAB equivalent of Kingbond E6013 is OK 48.00. Lincoln equivalent of Kingbond E6013 is Numal. Bohler equivalent of Kingbond E6013 is Bohler AWS E6013. D&H Sécheron equivalent of Kingbond E6013 is NORMA-X.

## **QA Format**

### **Q: What are the equivalent products of Kingbond S?**

Answer: Ador equivalent product Kingbond S not found for ESAB. Lincoln equivalent of Kingbond S E6013 is Cumulo. Ador equivalent product Kingbond S not found for Bohler. D&H Sécheron equivalent of Kingbond S E6013 is NORMA-V.

### **Q: What are the equivalent products of Metalbond?**

Answer: Ador equivalent product Metalbond not found for ESAB. Lincoln equivalent of Metalbond E6013 is Universalis. Ador equivalent product Metalbond not found for Bohler. D&H Sécheron equivalent of Metalbond E6013 is MEDIO-V.

### **Q: What are the equivalent products of Supabase?**

Answer: ESAB equivalent of Supabase E7018 is 36 FEROWELD-2. Lincoln equivalent of Supabase E7018 is Basic 7018. Ador equivalent product Supabase not found for Bohler. Ador equivalent product Supabase not found for D&H Sécheron.

### **Q: What are the equivalent products of Supabase X Plus?**

Answer: ESAB equivalent of Supabase X Plus E7018 is ESAB 36 H. Lincoln equivalent of Supabase X Plus E7018 is Baso® 120. Ador equivalent product Supabase X Plus not found for Bohler. D&H Sécheron equivalent of Supabase X Plus E7018 is SUPRATHERME.

### **Q: What are the equivalent products of Tenalloy Z Plus?**

Answer: ESAB equivalent of Tenalloy Z Plus E7018-1 is ESAB 36 H (SPL). Lincoln equivalent of Tenalloy Z Plus E7018-1 is Baso® 51P/Lincoln® 7018-1. Ador equivalent product Tenalloy Z Plus not found for Bohler. D&H Sécheron equivalent of Tenalloy Z Plus E7018-1 is SUPRATHERME(MOD).

## **QA Format**

### **Q: What are the equivalent products of Tenalloy S Plus?**

Answer: ESAB equivalent of Tenalloy S Plus E7018-1 is ESAB 36 H (SPL). Lincoln equivalent of Tenalloy S Plus E7018-1 is Baso® G/Vandal/Conarc® 49. Ador equivalent product Tenalloy S Plus not found for Bohler. D&H Sécheron equivalent of Tenalloy S Plus E7018-1 is SUPRATHERME SPL(MOD).

### **Q: What are the equivalent products of Tenalloy R?**

Answer: ESAB equivalent of Tenalloy R E7018-G is 56 Ferroweld-1. Lincoln equivalent of Tenalloy R E7018-G is Kryo® 1. Ador equivalent product Tenalloy R not found for Bohler. D&H Sécheron equivalent of Tenalloy R E7018-G is SUPRATHERME SPL.

### **Q: What are the equivalent products of Tenalloy 16?**

Answer: ESAB equivalent of Tenalloy 16 E7016 is Ferroweld 1. Lincoln equivalent of Tenalloy 16 E7016 is LINCOLN 7016 DR. Ador equivalent product Tenalloy 16 not found for Bohler. D&H Sécheron equivalent of Tenalloy 16 E7016 is FERROVITE.

### **Q: What are the equivalent products of Tenalloy 16W?**

Answer: Ador equivalent product Tenalloy 16W not found for ESAB. Lincoln equivalent of Tenalloy 16W E7016-1 is Conarc® 51. Ador equivalent product Tenalloy 16W not found for Bohler. D&H Sécheron equivalent of Tenalloy 16W E7016-1 is INDOTHERME.

### **Q: What are the equivalent products of Tenalloy 16 Spl?**

Answer: ESAB equivalent of Tenalloy 16 Spl E7016 is EASB Ferroweld 1/1-56. Lincoln equivalent of Tenalloy 16 Spl E7016 is Conarc® 52. Ador equivalent product Tenalloy 16 Spl not found for Bohler. Ador equivalent product Tenalloy 16 Spl not found for D&H Sécheron.

## **QA Format**

### **Q: What are the equivalent products of Topstar 140?**

Answer: ESAB equivalent of Topstar 140 E7024 is EASB C23 S. Lincoln equivalent of Topstar 140 E7024 is Rental/Ferrod® 135T. Ador equivalent product Topstar 140 not found for Bohler. D&H Sécheron equivalent of Topstar 140 E7024 is UNITHERM.

### **Q: What are the equivalent products of Silox Fe?**

Answer: Ador equivalent product Silox Fe not found for ESAB. Ador equivalent product Silox Fe not found for Lincoln. Ador equivalent product Silox Fe not found for Bohler. D&H Sécheron equivalent of Silox Fe nan is FERROVITE.

### **Q: What are the equivalent products of Celwel 60?**

Answer: ESAB equivalent of Celwel 60 E6010 is EASB OK 43.32. Lincoln equivalent of Celwel 60 E6010 is Fleetweld® 5P+. Ador equivalent product Celwel 60 not found for Bohler. Ador equivalent product Celwel 60 not found for D&H Sécheron.

### **Q: What are the equivalent products of Celwel 60S?**

Answer: Ador equivalent product Celwel 60S not found for ESAB. Ador equivalent product Celwel 60S not found for Lincoln. Ador equivalent product Celwel 60S not found for Bohler. D&H Sécheron equivalent of Celwel 60S E6011 is CELLUTHERME.

### **Q: What are the equivalent products of Celwel 70G?**

Answer: ESAB equivalent of Celwel 70G E7010-G is ESAB OK 48.08. Ador equivalent product Celwel 70G not found for Lincoln. Ador equivalent product Celwel 70G not found for Bohler. Ador equivalent product Celwel 70G not found for D&H Sécheron.

## **QA Format**

### **Q: What are the equivalent products of Celwel 70P?**

Answer: Ador equivalent product Celwel 70P not found for ESAB. Lincoln equivalent of Celwel 70P E7010-P1 is Shield Arc® HYP+. Ador equivalent product Celwel 70P not found for Bohler. D&H Sécheron equivalent of Celwel 70P E7010-P1 is CELLUTHERME-Mo.

### **Q: What are the equivalent products of Cewel 80G?**

Answer: ESAB equivalent of Cewel 80G E8010-G is Shield Arc® 70+. Ador equivalent product Cewel 80G not found for Lincoln. Ador equivalent product Cewel 80G not found for Bohler. Ador equivalent product Cewel 80G not found for D&H Sécheron.

### **Q: What are the equivalent products of Molyten?**

Answer: ESAB equivalent of Molyten E7018-A1 is ESAB OK 74.46. Lincoln equivalent of Molyten E7018-A1 is SL® 12G. Ador equivalent product Molyten not found for Bohler. Ador equivalent product Molyten not found for D&H Sécheron.

### **Q: What are the equivalent products of Cromoten 1?**

Answer: ESAB equivalent of Cromoten 1 E8018-B1 is ESAB OK 76.18. Lincoln equivalent of Cromoten 1 E8018-B1 is SL® 22G. Ador equivalent product Cromoten 1 not found for Bohler. D&H Sécheron equivalent of Cromoten 1 E8018-B1 is MOLYTHERM.

### **Q: What are the equivalent products of Cromoten?**

Answer: ESAB equivalent of Cromoten E8018-B2 is ESAB OK 76.18L. Lincoln equivalent of Cromoten E8018-B2 is SL® 19G. Ador equivalent product Cromoten not found for Bohler. D&H Sécheron equivalent of Cromoten E8018-B2 is CROMOTHERME.

## **QA Format**

### **Q: What are the equivalent products of Cromoten STC?**

Answer: ESAB equivalent of Cromoten STC E8018-B2 is ESAB OK B2 SC. Ador equivalent product Cromoten STC not found for Lincoln. Ador equivalent product Cromoten STC not found for Bohler. D&H Sécheron equivalent of Cromoten STC E8018-B2 is CROMOTHERME-1.

### **Q: What are the equivalent products of Cromoten C?**

Answer: ESAB equivalent of Cromoten C E9018-B3 is ESAB OK 76.28L. Lincoln equivalent of Cromoten C E9018-B3 is SL® 20G. Ador equivalent product Cromoten C not found for Bohler. D&H Sécheron equivalent of Cromoten C E9018-B3 is CROMOTHERME-2(MOD).

### **Q: What are the equivalent products of Cromoten 2 STC?**

Answer: ESAB equivalent of Cromoten 2 STC E9018-B3 is ESAB OK 76.18. Ador equivalent product Cromoten 2 STC not found for Lincoln. Ador equivalent product Cromoten 2 STC not found for Bohler. D&H Sécheron equivalent of Cromoten 2 STC E9018-B3 is CROMOTHERME-2.

### **Q: What are the equivalent products of Cromoten S plus?**

Answer: ESAB equivalent of Cromoten S plus E7018-B2L is ESAB OK 76.28. Ador equivalent product Cromoten S plus not found for Lincoln. Ador equivalent product Cromoten S plus not found for Bohler. D&H Sécheron equivalent of Cromoten S plus E7018-B2L is CROMOTHERME-1(RTE).

### **Q: What are the equivalent products of Cromoten C S Plus?**

Answer: ESAB equivalent of Cromoten C S Plus E8018-B3L is ESAB KV 7. Ador equivalent product Cromoten C S Plus not found for Lincoln. Ador equivalent product Cromoten C S Plus not found for Bohler. D&H Sécheron equivalent of Cromoten C S Plus E8018-B3L is CROMOTHERME-1L.

## **QA Format**

### **Q: What are the equivalent products of Cromoten D?**

Answer: ESAB equivalent of Cromoten D E8018-B6 is ESAB KV4. Lincoln equivalent of Cromoten D E8018-B6 is SL® 502. Ador equivalent product Cromoten D not found for Bohler. D&H Sécheron equivalent of Cromoten D E8018-B6 is CROMOTHERME-2L.

### **Q: What are the equivalent products of Cromoten D S Plus?**

Answer: Ador equivalent product Cromoten D S Plus not found for ESAB. Ador equivalent product Cromoten D S Plus not found for Lincoln. Ador equivalent product Cromoten D S Plus not found for Bohler. D&H Sécheron equivalent of Cromoten D S Plus E8018-B6L is CROMOTHERME-5.

### **Q: What are the equivalent products of Cromoten 9?**

Answer: Ador equivalent product Cromoten 9 not found for ESAB. Ador equivalent product Cromoten 9 not found for Lincoln. Ador equivalent product Cromoten 9 not found for Bohler. D&H Sécheron equivalent of Cromoten 9 E8018-B8 is CROMOTHERME-5L.

### **Q: What are the equivalent products of Cromoten 9L?**

Answer: Ador equivalent product Cromoten 9L not found for ESAB. Ador equivalent product Cromoten 9L not found for Lincoln. Ador equivalent product Cromoten 9L not found for Bohler. D&H Sécheron equivalent of Cromoten 9L E8018-B8L is CROMOTHERME-9.

### **Q: What are the equivalent products of Cromoten 9M?**

Answer: ESAB equivalent of Cromoten 9M E9018-B91 is ESAB Atom Arc 9018-B91. Ador equivalent product Cromoten 9M not found for Lincoln. Ador equivalent product Cromoten 9M not found for Bohler. D&H Sécheron equivalent of Cromoten 9M E9018-B91 is CROMOTHERME-9L.

## **QA Format**

### **Q: What are the equivalent products of Cromoten 9M-15?**

Answer: Ador equivalent product Cromoten 9M-15 not found for ESAB. Ador equivalent product Cromoten 9M-15 not found for Lincoln. Ador equivalent product Cromoten 9M-15 not found for Bohler. D&H Sécheron equivalent of Cromoten 9M-15 E9015-B91 is CROMOTHERME-9(MOD).

### **Q: What are the equivalent products of Cromoten V?**

Answer: Ador equivalent product Cromoten V not found for ESAB. Ador equivalent product Cromoten V not found for Lincoln. Ador equivalent product Cromoten V not found for Bohler. D&H Sécheron equivalent of Cromoten V E8013-G is CROMOTHERME B91.

### **Q: What are the equivalent products of Tenalloy 70A?**

Answer: Ador equivalent product Tenalloy 70A not found for ESAB. Lincoln equivalent of Tenalloy 70A E8018-C1 is Kryo® 3. Ador equivalent product Tenalloy 70A not found for Bohler. Ador equivalent product Tenalloy 70A not found for D&H Sécheron.

### **Q: What are the equivalent products of Tenalloy 70B?**

Answer: Ador equivalent product Tenalloy 70B not found for ESAB. Ador equivalent product Tenalloy 70B not found for Lincoln. Ador equivalent product Tenalloy 70B not found for Bohler. D&H Sécheron equivalent of Tenalloy 70B E8018-C2 is NITHERM-2.5(SPL).

### **Q: What are the equivalent products of Tenalloy 60?**

Answer: ESAB equivalent of Tenalloy 60 E8018-G is ESAB OK 73.08L. Ador equivalent product Tenalloy 60 not found for Lincoln. Ador equivalent product Tenalloy 60 not found for Bohler. Ador equivalent product Tenalloy 60 not found for D&H Sécheron.

## **QA Format**

### **Q: What are the equivalent products of Tenalloy 60N?**

Answer: Ador equivalent product Tenalloy 60N not found for ESAB. Lincoln equivalent of Tenalloy 60N E8018-G is Conarc® 74/Kryo® 1P. Ador equivalent product Tenalloy 60N not found for Bohler. D&H Sécheron equivalent of Tenalloy 60N E8018-G is SUPRATHERME-Ni(SPL).

### **Q: What are the equivalent products of Tenalloy 16E spl?**

Answer: Ador equivalent product Tenalloy 16E spl not found for ESAB. Lincoln equivalent of Tenalloy 16E spl E8016-G is Kryo® 1N. Ador equivalent product Tenalloy 16E spl not found for Bohler. D&H Sécheron equivalent of Tenalloy 16E spl E8016-G is SUPRATHERME-Ni(SPL)MOD.

### **Q: What are the equivalent products of Tenalloy 70D1?**

Answer: Ador equivalent product Tenalloy 70D1 not found for ESAB. Ador equivalent product Tenalloy 70D1 not found for Lincoln. Ador equivalent product Tenalloy 70D1 not found for Bohler. D&H Sécheron equivalent of Tenalloy 70D1 E9018-D1 is MOLYTHERM(EXTRA).

### **Q: What are the equivalent products of Tenalloy 90D3?**

Answer: Ador equivalent product Tenalloy 90D3 not found for ESAB. Ador equivalent product Tenalloy 90D3 not found for Lincoln. Ador equivalent product Tenalloy 90D3 not found for Bohler. D&H Sécheron equivalent of Tenalloy 90D3 E9018-D3 is MOLYTHERM-SPL.

### **Q: What are the equivalent products of Tenalloy 65?**

Answer: Ador equivalent product Tenalloy 65 not found for ESAB. Lincoln equivalent of Tenalloy 65 E9018-G is Kryo® 2. Ador equivalent product Tenalloy 65 not found for Bohler. Ador equivalent product Tenalloy 65 not found for D&H Sécheron.

## **QA Format**

### **Q: What are the equivalent products of Tenalloy 65 Spl?**

Answer: Ador equivalent product Tenalloy 65 Spl not found for ESAB. Ador equivalent product Tenalloy 65 Spl not found for Lincoln. Ador equivalent product Tenalloy 65 Spl not found for Bohler. D&H Sécheron equivalent of Tenalloy 65 Spl E9018-G is TENSAL.

### **Q: What are the equivalent products of Tenalloy 75D2?**

Answer: Ador equivalent product Tenalloy 75D2 not found for ESAB. Ador equivalent product Tenalloy 75D2 not found for Lincoln. Ador equivalent product Tenalloy 75D2 not found for Bohler. D&H Sécheron equivalent of Tenalloy 75D2 E10018-D2 is COROMOTHERME-9(MOD).

### **Q: What are the equivalent products of Tenalloy 75?**

Answer: Ador equivalent product Tenalloy 75 not found for ESAB. Ador equivalent product Tenalloy 75 not found for Lincoln. Ador equivalent product Tenalloy 75 not found for Bohler. D&H Sécheron equivalent of Tenalloy 75 E10018-M is TENSAL(SPL).

### **Q: What are the equivalent products of Tenalloy 80?**

Answer: ESAB equivalent of Tenalloy 80 E10018-M is ESAB 118. Ador equivalent product Tenalloy 80 not found for Lincoln. Ador equivalent product Tenalloy 80 not found for Bohler. D&H Sécheron equivalent of Tenalloy 80 E10018-M is ULTRATENSAL-Cu.

### **Q: What are the equivalent products of Tenalloy 80HH spl?**

Answer: Ador equivalent product Tenalloy 80HH spl not found for ESAB. Lincoln equivalent of Tenalloy 80HH spl E11018-M is Conarc® 80. Ador equivalent product Tenalloy 80HH spl not found for Bohler. D&H Sécheron equivalent of Tenalloy 80HH spl E11018-M is ULTRATENSAL-MC.

## **QA Format**

### **Q: What are the equivalent products of Tenalloy 110?**

Answer: Ador equivalent product Tenalloy 110 not found for ESAB. Lincoln equivalent of Tenalloy 110 E11018-G H4R is Conarc® 80G. Ador equivalent product Tenalloy 110 not found for Bohler. D&H Sécheron equivalent of Tenalloy 110 E11018-G H4R is ULTRATENSAL-MH.

### **Q: What are the equivalent products of Tenalloy 120?**

Answer: ESAB equivalent of Tenalloy 120 E12018M is ESAB 120. Ador equivalent product Tenalloy 120 not found for Lincoln. Ador equivalent product Tenalloy 120 not found for Bohler. D&H Sécheron equivalent of Tenalloy 120 E12018M is ULTRATHERME.

### **Q: What are the equivalent products of Tenalloy 120G?**

Answer: Ador equivalent product Tenalloy 120G not found for ESAB. Lincoln equivalent of Tenalloy 120G E12018-G is Conarc® 85. Ador equivalent product Tenalloy 120G not found for Bohler. D&H Sécheron equivalent of Tenalloy 120G E12018-G is CNM(SPL)M.

### **Q: What are the equivalent products of Tenalloy 4130?**

Answer: Ador equivalent product Tenalloy 4130 not found for ESAB. Ador equivalent product Tenalloy 4130 not found for Lincoln. Ador equivalent product Tenalloy 4130 not found for Bohler. D&H Sécheron equivalent of Tenalloy 4130 nan is CNM(SPL).

### **Q: What are the equivalent products of Nimoten?**

Answer: ESAB equivalent of Nimoten E9018-M is ESAB 98. Lincoln equivalent of Nimoten E9018-M is Conarc® 60G. Ador equivalent product Nimoten not found for Bohler. Ador equivalent product Nimoten not found for D&H Sécheron.

## **QA Format**

### **Q: What are the equivalent products of Nimoten Plus?**

Answer: Ador equivalent product Nimoten Plus not found for ESAB. Ador equivalent product Nimoten Plus not found for Lincoln. Ador equivalent product Nimoten Plus not found for Bohler. D&H Sécheron equivalent of Nimoten Plus nan is TENSAL-MH.

### **Q: What are the equivalent products of Ultracorten 111?**

Answer: Ador equivalent product Ultracorten 111 not found for ESAB. Lincoln equivalent of Ultracorten 111 E8018-W2 is Conarc® 55CT. Ador equivalent product Ultracorten 111 not found for Bohler. Ador equivalent product Ultracorten 111 not found for D&H Sécheron.

### **Q: What are the equivalent products of Tenalloy 80P2?**

Answer: Ador equivalent product Tenalloy 80P2 not found for ESAB. Ador equivalent product Tenalloy 80P2 not found for Lincoln. Ador equivalent product Tenalloy 80P2 not found for Bohler. D&H Sécheron equivalent of Tenalloy 80P2 E8045-P2 H4R is COROTHERME (SPL).

### **Q: What are the equivalent products of Superinox 1 A?**

Answer: ESAB equivalent of Superinox 1 A E308-16 is Cromweld R-308/OK 61.50. Ador equivalent product Superinox 1 A not found for Lincoln. Ador equivalent product Superinox 1 A not found for Bohler. Ador equivalent product Superinox 1 A not found for D&H Sécheron.

### **Q: What are the equivalent products of Superinox 1AH?**

Answer: Ador equivalent product Superinox 1AH not found for ESAB. Lincoln equivalent of Superinox 1AH E308H-16 is Arosta® 304H. Ador equivalent product Superinox 1AH not found for Bohler. D&H Sécheron equivalent of Superinox 1AH E308H-16 is RUTOX-A.

## **QA Format**

### **Q: What are the equivalent products of Kingsteel?**

Answer: Ador equivalent product Kingsteel not found for ESAB. Ador equivalent product Kingsteel not found for Lincoln. Ador equivalent product Kingsteel not found for Bohler. D&H Sécheron equivalent of Kingsteel nan is RUTOX-AH.

### **Q: What are the equivalent products of Striker 308L?**

Answer: ESAB equivalent of Striker 308L E308L-16 is ESAB OK 61.63. Lincoln equivalent of Striker 308L E308L-16 is Arosta® 304L. Ador equivalent product Striker 308L not found for Bohler. Ador equivalent product Striker 308L not found for D&H Sécheron.

### **Q: What are the equivalent products of Superinox 1C?**

Answer: ESAB equivalent of Superinox 1C E308L-16 is ESAB OK 61.63. Lincoln equivalent of Superinox 1C E308L-16 is Linco P 308L. Ador equivalent product Superinox 1C not found for Bohler. D&H Sécheron equivalent of Superinox 1C E308L-16 is BUTOX-B.

### **Q: What are the equivalent products of Superinox 1C-15 LT?**

Answer: ESAB equivalent of Superinox 1C-15 LT E308L-15 is ESAB 304B. Lincoln equivalent of Superinox 1C-15 LT E308L-15 is Vertarosta® 304L/Jungo® 304L. Ador equivalent product Superinox 1C-15 LT not found for Bohler. D&H Sécheron equivalent of Superinox 1C-15 LT E308L-15 is RUTOX-B.

### **Q: What are the equivalent products of Betanox 308L Plus?**

Answer: Ador equivalent product Betanox 308L Plus not found for ESAB. Lincoln equivalent of Betanox 308L Plus E308L-17 is Limarosta® 304L/Linco 308L. Ador equivalent product Betanox 308L Plus not found for Bohler. D&H Sécheron equivalent of Betanox 308L Plus E308L-17 is

## **QA Format**

BATOX-F(U)M.

### **Q: What are the equivalent products of Superinox 2A?**

Answer: ESAB equivalent of Superinox 2A E316-16 is Cromweld R-316/OK 63.50. Ador equivalent product Superinox 2A not found for Lincoln. Ador equivalent product Superinox 2A not found for Bohler. Ador equivalent product Superinox 2A not found for D&H Sécheron.

### **Q: What are the equivalent products of Betanox 316 Plus?**

Answer: Ador equivalent product Betanox 316 Plus not found for ESAB. Ador equivalent product Betanox 316 Plus not found for Lincoln. Ador equivalent product Betanox 316 Plus not found for Bohler. D&H Sécheron equivalent of Betanox 316 Plus E316-17 is RUTOX-Mo.

### **Q: What are the equivalent products of Superinox 2C?**

Answer: ESAB equivalent of Superinox 2C E316L-16 is ESAB OK 36.30. Lincoln equivalent of Superinox 2C E316L-16 is Arosta® 316L. Ador equivalent product Superinox 2C not found for Bohler. Ador equivalent product Superinox 2C not found for D&H Sécheron.

### **Q: What are the equivalent products of Superinox 2C Mo?**

Answer: ESAB equivalent of Superinox 2C Mo E316L-16 is ESAB 316 KCR. Lincoln equivalent of Superinox 2C Mo E316L-16 is Linnox P 316L. Ador equivalent product Superinox 2C Mo not found for Bohler. D&H Sécheron equivalent of Superinox 2C Mo E316L-16 is SECHERON 316L.

### **Q: What are the equivalent products of Betanox ZF?**

Answer: ESAB equivalent of Betanox ZF E316L-16 is OK 63.67. Ador equivalent product Betanox ZF not found for Lincoln. Ador equivalent product Betanox ZF not found for Bohler. D&H Sécheron

## **QA Format**

equivalent of Betanox ZF E316L-16 is RUTOX-F(SPL).

### **Q: What are the equivalent products of Betanox K?**

Answer: Ador equivalent product Betanox K not found for ESAB. Lincoln equivalent of Betanox K E316L-15 is Vertarosta® 316L/Jungo® 316L. Ador equivalent product Betanox K not found for Bohler. D&H Sécheron equivalent of Betanox K E316L-15 is RUTOX-F.

### **Q: What are the equivalent products of Betanox 316L Plus?**

Answer: Ador equivalent product Betanox 316L Plus not found for ESAB. Lincoln equivalent of Betanox 316L Plus E316L-17 is Limarosta® 316L/Limarosta® 316L-130/Linox 316L. Ador equivalent product Betanox 316L Plus not found for Bohler. D&H Sécheron equivalent of Betanox 316L Plus E316L-17 is BATOX-F.

### **Q: What are the equivalent products of Superinox 2B?**

Answer: ESAB equivalent of Superinox 2B E318-16 is EASB OK 36.80. Lincoln equivalent of Superinox 2B E318-16 is Arosta® 318. Ador equivalent product Superinox 2B not found for Bohler. D&H Sécheron equivalent of Superinox 2B E318-16 is RUTOX-E.

### **Q: What are the equivalent products of Betanox 318 Plus?**

Answer: Ador equivalent product Betanox 318 Plus not found for ESAB. Ador equivalent product Betanox 318 Plus not found for Lincoln. Ador equivalent product Betanox 318 Plus not found for Bohler. D&H Sécheron equivalent of Betanox 318 Plus E318-17 is RUTOX-Mo(ST).

### **Q: What are the equivalent products of Superinox 1B?**

Answer: ESAB equivalent of Superinox 1B E347-16 is ESAB OK 61.80. Lincoln equivalent of

## **QA Format**

Superinox 1B E347-16 is Arosta® 347. Ador equivalent product Superinox 1B not found for Bohler.  
Ador equivalent product Superinox 1B not found for D&H Sécheron.

### **Q: What are the equivalent products of Betanox 347 Plus?**

Answer: Ador equivalent product Betanox 347 Plus not found for ESAB. Ador equivalent product Betanox 347 Plus not found for Lincoln. Ador equivalent product Betanox 347 Plus not found for Bohler. D&H Sécheron equivalent of Betanox 347 Plus E347-17 is RUTOX-A(ST).

### **Q: What are the equivalent products of Betanox D?**

Answer: ESAB equivalent of Betanox D E309-16 is ESAB OK 67.45/Chromweld R -309. Ador equivalent product Betanox D not found for Lincoln. Ador equivalent product Betanox D not found for Bohler. Ador equivalent product Betanox D not found for D&H Sécheron.

### **Q: What are the equivalent products of Betanox 309 Plus?**
